Save the SV9100 PCPro Database

At default, a new PCPro database does not have a name assigned to it.

To save a PCPro database, click to open the File Menu.

If this is the first time you are saving a PCPro database, click the Save option.

Then, use the options in the Save window to browse to the desired location.

)rganize 🔻 New folder			: ::::	- (
Favorites	×.:	Date modifi	ed Type	
Desktop Downloads Recent Places	No i	items match your search.		
🛱 Libraries				
Computer SOS (C:)				
P shared (\\dincact		- 100		
▼ <				
Save as type: SV9100 US V3.0 (*	*.pcpx)			

In the File name field, enter a name that applies to your specific customer and click the Save button.

File name:	Customer_SV9100		-	
Save as type:	SV9100 US V3.0 (*.pcpx)	•		
📤 Hide Folders		Save	Cancel	

That new file name now appears at the top of PCPro.
