ITP-5100 Series IP Keyset Family Product Release

Samsung Telecommunications America is pleased to announce the general availability of the ITP-5100 Series IP Keyset family. This new offering introduces three new IP Keyset models giving you more choices to address a variety of VoIP demands.

- **MORE CHOICES:** Your customers no longer face a “one size fits all” dilemma. They can choose a model that closely suites their needs. The new Entry-Level ITP-5107S provides a cost-effective VoIP solution while the ITP-5112L gives you high-end features such as a Large Color Screen display and up to 99-programmable buttons.

ITP-5100 Series IP Keyset Family Product Release

- **IMPROVED VOICE QUALITY:** The new internal hardware has been redesigned with a more powerful processor and efficient architecture resulting in improved reliability and greater DSP performance.
- **FULL-DUPLEX SPEAKER PHONES:** All new IP key sets now come equipped with a built-in, Full-Duplex Speaker phone as a standard feature.
- **POWER OVER ETHERNET:** All ITP-5100 Series Key Sets support PoE (Power Over Ethernet, IEEE 802.3af). These ITP phones can be powered using the AC adapter (included) or can plug into any PoE LAN switch.
- **FUTURE READY:** The new internal chip set supports more advanced VoIP features. Future versions of ITP software can take advantage of this enhanced chip set making this ITP series very robust and powerful.
- **COMPATIBLE ACROSS ALL PLATFORMS:** As always, the new ITP-5100 Series Key sets are compatible with the OfficeServ 100, 500, 7200 systems and the all new OfficeServ 7400 system.
- **FULL FEATURE TRANSPARENCY:** All ITP phones offer all the same features found in the Samsung Digital TDM key sets. Work locally or across the globe with the ITP. You always have full access to all the station features right at your finger tips.

The new Keyset Family consists of the following models:

ITP-5107S

- 2-line by 16-character display
- 1-row of 7-programmable keys
- Built-in wall mount
- Full-duplex speakerphone (Standard)
- No navigation button

- MGI2: 1.23 or higher
- MGI3: 3.60 or higher
- MGI (for OS7200): 1.07 or higher

DOCUMENTATION & TECHNICAL MANUALS

The ITP-5100 Series Keypad User Guides, Quick Reference Guides and Sales Brochures are available for each ITP-5100 Series model. The General Description and the Technical manuals of the OfficeServ 100, OfficeServ 500, OfficeServ 7200, and OfficeServ 7400 have been updated to include the new keysets. These documents are available on the Technical Manual CD-ROM for the respective systems. Certain documents, in PDF format, are available on the GSBN website. Printed copies of the ITP-5100 Series User Guides can be purchased online at the Samsung-FedEx Kinko's Print-on-Demand web site (<https://psg.kinkos.com/samsung>).
