

# MAXIMIZE BUSINESS COLLABORATION With OfficeServ™ Meet-Me Conference

Do you need quick decision-making capabilities? Do you have several office locations or remote employees that must connect on a regular basis? Do you want to maximize relationship building between your employees and customers? We have the voice communication conference solution for you. The Samsung **OfficeServ™ Meet-Me Conference** is an enterprise-worthy solution created just for businesses like yours. Its advanced yet easy-to-use technology offers greater convenience and control as well as a huge cost savings.

OfficeServ  
Conference  
Manager  
Login

The login screen features the Samsung logo at the top left. The main title 'OfficeServ PWP Conference Manager' is centered. Below the title, there are input fields for 'Station Number' (containing '6740') and 'Station Password' (containing four dots). To the right of these fields is a 'Login' button. Below the password field is a 'Save Station Number' checkbox (checked) and a 'Language' dropdown menu (set to 'English'). At the bottom, a copyright notice reads 'Copyright (c) 2010 Samsung Electronics Co., Ltd.'.

**Supports multiple conferences** - Up to 24 conference participants are allowed per CNF24 card. Host two conferences simultaneously with 12 participants each; six conferences with four participants each; or any combination up to 24 participants.

**Works with diverse circuits** - External callers can be using SIP trunks, PRI trunks and SPNet trunks.

**Keep network circuits clear** - Internal users connect to the conference via intercom calls. This allows you to reduce additional network charges and continue business discussions without delay.

**Cost-saving embedded recording** - A remarkable 50 hours of recording capacity is invaluable for those crucial conversations that may need to be referenced later. You can play, download, and forward a recorded file, and no outside recording server is required.

**Intuitive Graphic User Interface** - The Meet-Me Conference host can effortlessly supervise and manage a conference.

**Simple conference set-up** - Easily schedule, create, and organize a conference using the Meet-Me Conference Personal Web Page (PWP). Calendar-style scheduling system includes conference subject and ID, duration, frequency, email invitation, conference pass code, early entrance, recording and paging.

## MAXIMUM CHANNEL CAPACITIES

System	Processor	Max. CNF24 cards	Max. Channels
OfficeServ7400	MP40	4	96
OfficeServ7200	MP20	2	48
OfficeServ7200-S	MP20s	1	24
