Dealer/Distributor Info Request (Second Request)

In order to maximize our technical support for those who work for Samsung authorized Dealers and Distributors, we will soon be implementing a new procedure that will require Technicians, who call in for Technical Support to answer “secret questions” (name of your high school mascot for example). The questions will be used to identify technicians who qualify for technical support on the product(s) they are certified on.

To achieve this goal, we will first need input for all the technicians that are currently working for each Dealer/Distributor. Please use the form on the next page to gather the information requested, then either e-mail or fax the form back to us as soon as possible (e-mail is the preference). **We have extended the date for receiving your input to December 15, 2006.** At Close of Business on December 15, we will stop receiving forms to allow us time to enter them into the database before **implementing this system on December 18, 2006.**

Please note the following concerning implementation:

- Access to technical support will require the technician who is calling for technical support to be:
 - Employed by an authorized Samsung Dealer/Distributor
 - Certified on the product(s) for which technical support is being sought
 - Able to correctly answer one or more of the “secret questions”
- **Note:** Incorrect answers, or no answers on file, will be denied immediate technical support. So please be sure to return the requested information by the deadline to ensure no delays in acquiring technical support
